

Discontinuation of Extended Warranties for SB240 and SMA Multigate

Services affected:

- Extended Warranty (Most of World)

Products affected:

- Sunny Boy 240
- SMA Multigate

SMA provides solutions for all segments of the solar market, ranging from residential to utility scale solutions. Our global service network makes SMA the largest servicer of solar inverters worldwide, providing tailor-made services for our customers to feel in good hands all the time.

As a reaction to recent market developments and in accordance with our service portfolio adjustments, SMA regrets to inform you about the discontinuation of the extended warranty service for the Sunny Boy 240 and the SMA Multigate. Naturally, this restriction is solely affecting the aforementioned products and does not have any effect on the availability of extended warranties for other, not explicitly mentioned, products.

Do not hesitate to contact us in case you need any further information.
